Structure:

Drishti Prelims Test Series-2020 includes 10 Tests - 5 General Studies Tests and 5 CSAT tests.

Relative importance of different segments of General Studies on the Basis of analysis of CS Prelims' previous eight years papers

The proportion, in which questions are going to be asked from the different sections of the syllabus in the General Studies paper, is not fixed. Generally, more questions were asked from History, Polity, Environment and Ecology, Economics and Geography, but 2016 witnessed an overhaul in this pattern. This tendency of change of pattern was apparent in the 2019 paper as well. Thus, the proportional distribution of questions is something which is very uncertain. The following table can help you know the proportion of questions asked from various sections from 2012 to 2019.

Segments	2012	2013	2014	2015	2016	2017	2018	2019
History of India	20	16	19	16	16	13	22	16
Indian Polity & Governance	21	17	10	13	6	22	13	15
Geography of India & World	17	18	20	18	3	8	9	8
Environment & Ecology	14	14	20	12	16	17	10	19

Total	100	100	100	100	100	100	100	100

The table given below highlights that how many questions have been asked from different sections of CSAT in the last eight years.

Break down of questions asked in CSAT 2012-2019

Segments	2012	2013	2014	2015	2016	2017	2018	2019

Total	80	80	80*	80	80	80	80	80

*In 2014, the evaluation of questions from English Comprehension were not taken into consideration, which means that only 74 questions were taken for calculating the the cut-off. From year 2015 onwards, English comprehension was removed from the CSAT question paper.
