## Central Government Canceled the Proposal of Airport to be Built in Dhalbhumgarh

### Why In News?

On February 27, 2023, Union Civil Aviation and Steel Minister Jyotiraditya Scindia has rejected the proposal to build an airport in Dhalbhumgarh (East Singhbhum) in Jharkhand, citing environmental protection and elephant corridors.

### Key points

- The letter by Jyotiraditya Scindia states that under the Government of India's regional connectivity scheme UDAN, flights have started operating from the Tata Steel-owned Sonari airport in Jamshedpur and the abandoned World War II airport in Dhalbhumgarh, which is currently operational. It is in dilapidated condition and not fit for operation.
- It is known that Dhalbhumgarh Airport Limited was formed as a joint venture company for the development of the airport in Jharkhand. For this, the state government had to provide encumbrance free land to the Airport Authority of India.
- In this regard, the Environment Appraisal Committee observed that the proposed site falls in the forests and is home to many elephants and this place is known as elephant corridor. The proposed site is not suitable for airport development.
- No land was handed over to AAI by the State Government and forest clearance was not obtained. Due to this authority has decided to close Dhalbhumgarh Airport Limited.
- It is known that the Raghubar Das government had taken the initiative to start the World War II-era airport in Dhalbhumgarh. The Bhoomi Pujan of the airport was done on January 24, 2019.
- Even after sending an amount of 100 crores by the central government for the airport, not even a single brick has been connected in 4 years. The work was stuck in limbo due to non-observance of clearance from the State Government's Ministry of Environment and Forests.

## NTPC Commissions Country's First Air-Conditioned Condenser at North Karanpura Super Critical Plant in Jharkhand

### Why In News?

Demonstrating its commitment to water conservation through Reduce, Reuse and Recycle, NTPC, the country's largest integrated power generating company, commissioned India's first Air-Conditioned Condenser Supercritical Plant at North Karanpura, Jharkhand on 1st March 2023.

### Key points

- NTPC has commenced commercial operations of the (3<sup>rd</sup> first unit of 660 MW at North Karanpura MW) in 660 Jharkhand.
- The project is envisaged with Air Cooled Condenser (ACC), which has about conventional Water-Cooled Condenser (WCC). footprint as compared to 1/3rd water Through this, about 30.5 MCM of water will be saved in a year and thus the needs of about 15 lakh people will be met annually in this area.
- NTPC has already taken several measures for sound management of water in its plants. NTPC will promote 3R (Reduce, Reuse, Recycle) to conserve and manage water along with its core business activity of power generation. NTPC Limited is also a signatory to the prestigious UN Global Compacts CEO Water Mandate.
- NTPC is committed to actively address water sustainability issues by implementing the Water Policy, which will serve as a guide for establishing water management strategies, systems, processes, practices and research initiatives.
- The North Karanpura plant will have 3 units of 660 MW each with a total capacity of 1,980 MW. The plant is based on the most efficient supercritical technology and being a pit head plant (10 km from the coal mine) will supply power to the states of Jharkhand, Bihar, West Bengal and Odisha at cheap rates.
- NTPC has always been at the forefront of leveraging technologies and has taken the lead in adopting new technologies in its power sector. NTPC currently meets 24% of the power demand in the country through coal, gas, hydro, solar and wind plants.

Note:

## Jharkhand Budget 2023-24

### Why In News?

On March 3, 2023, the state's Finance Minister Dr. Rameshwar Oraon presented a budget of Rs 1 lakh 16 thousand 418 crores in the Jharkhand Assembly. In this budget, special emphasis has been laid on rural development, agriculture, health and education.

### Key points

- State Finance Minister Dr. Rameshwar Oraon said that 500 crore rupees will be spent for desilting and deep boring of ponds with an area of less than 5 acres in 2023-24 in order to provide benefits of irrigation to the farmers and from the point of view of water conservation. A proposed budget of Rs. Solar energy based micro lift irrigation is very economical in streamlining the irrigation system. Keeping in view its utility, Krishi Samridhi Yojana will be implemented by the state government in the financial year 2023-24.
- In the year 2023-24, Rs 50 crore is proposed under the grant head of FPOs.
- Other important points of Jharkhand Budget 2023-24 :-
  - In the year 2023-24, a budgetary provision of Rs 300 crore has been made to connect maximum beneficiaries under the Mukhyamantri Pashudhan Vikas Yojana. There is a proposal of Rs 180 crore for the establishment of new dairy plants in Giridih and Jamshedpur and milk powder plant and milk product plant in Ranchi.

- In order to provide irrigation wells, it is proposed to implement a new scheme called Birsa Irrigation Well Promotion Mission in convergence of MGNREGA and State Plan. Under this scheme, irrigation wells will be constructed on the personal land of 1 lakh farmers.
- Panchayat Secretariat Strengthening Scheme is being launched by the government to provide all the facilities to the common people at the panchayat level under one roof. In addition to the Panchayat Office in all panchayat secretariats, all types of related certificates, online facilities, facilities related to banking correspondents, light work will be provided on the scheduled day through Pragya Center.
- Incentive amount to encourage widow remarriage, distribution of free sanitary napkins for the spread of cleanliness among women, providing nutritious food to pregnant women before delivery and distribution of maternity care kit after delivery 'Women and Kishori Kalyan' It is proposed to start the scheme.
- The 'Anganwadi Chalo Abhiyan' scheme will be started for pre-school education to the children coming to the Anganwadi centre. Under this scheme, a budget of Rs 190 crore is proposed in the year 2023-24 for providing clothes and workbooks and furniture etc. to the children in all the centres.
- In the year 2023-24, a target has been set to make all the panchayats of the state zero dropout panchayats.
- Residential schools will be constructed on the lines of Netarhat schools in Chaibasa, Dumka and Bokaro.
- Psychiatry centers will be established in Palamu, Chaibasa and Dumka. Alcohol De addiction Center will be opened in Ranchi on PPP mode.
- In the year 2023-24, the target is to expand the Chief Minister's Employment Generation Scheme and benefit two lakh youth.
- In the year 2023-24, it is proposed to set up a model library in the hostels for the smooth functioning of teaching and learning.
- In view of the importance of judicial, administrative and financial work roles of Manki, Munda, Daku etc. under the Manki-Munda governance system, it is proposed to make two-wheelers accessible to them in the year 2023-24.

Note:

- These road projects are proposed to be started in the year 2023-24- 1) Upgradation of Sahebganj-Barhait-Jamtara-Dumka-Govindpur ADB road to four lanes, 2) Koderma-Jamua-Giridih Tundi-Govindpur (SH-13) road Upgradation in four lanes, 3) Upgradation of Satsang-Bhirkhiabad road to four lanes, it is proposed to connect all health sub-centres, bazaar haat, panchayat office, middle/high school, post office/banks with metalled road in the coming financial years.
- In the year 2023-24, it is proposed to start flights from the airports at Dumka and Bokaro.
- Under AMRUT 2.0 scheme, Ramgarh urban water supply scheme and Simdega urban water supply scheme and renovation work of 45 ponds is proposed to be done.
- RTI portal will be developed by the state government in the year 2023-24.

## Chief Minister Special Scholarship Scheme

### Why In News?

Recently, Director of Jharkhand Education Project Council, Kiran Kumari Pasi told that general category students studying in government schools of Jharkhand from class 1st to 12th will be given the benefit of 'Chief Minister's Special Scholarship' scheme.

### Key points

- State Project Director Kiran Kumari Passi said that 1,47,928 students of the state have been selected for the 'Chief Minister's Special Scholarship' scheme. They will be paid the scholarship amount in March itself.
- Under the scheme, Rs 500 will be given to those studying in class 1st to 4th, Rs 1000 to those studying in class 5<sup>th</sup> and 6<sup>th</sup>, Rs 1500 to students of class 7-10 and Rs 2300 to intermediate students.
- Kiran Kumari Passi said that this facility will be made available to the general category students studying in class 1st to 12th, who are not getting the benefit of any other scholarship.
- From the financial year 2022-23, efforts are being made by the state government to provide scholarship amount to the students through online app. Funds will be made available for scholarship to the students through PFMS-DBT.

## Amshedpur Towards becoming a Solar City

### Why In News?

On March 10, 2023, Jharkhand Renewable Energy Development Agency (JREDA) officials informed that Jamshedpur city is moving towards solar energy. At present, a 37 MW solar power plant is proposed there, out of which 2.2 MW solar power plant has been commissioned at Sonari Airport.

### Key points

- JREDA officials said that solar power plants are being installed by Tata Steel and Tata Power in Jamshedpur city and other places.
- It is known that a 9.8 MW floating solar power plant is being set up in reservoirs located at Tata Steel.
- 9.8 MW plant at Tata Steel campus, 15 MW solar plant at Domjuri by Tata Power, 3 MW rooftop plant at Tata Motors, 5 MW rooftop plant at Tata Steel itself, 1.2 MW rooftop plant at Tata BlueScope, 2.2 MW at the airport MW plant is being set up.
- East Singhbhum district of the state consumes 250 MW of electricity. With the production of 37 MW of solar power, Tata Steel can provide electricity to its colony. This will reduce dependence on conventional power sources to a great extent.
- There is a possibility of solar power plants being set up by JREDA, whether it is in the form of a rooftop or a floating plant.

## Bhartiya Bhasha Parishad will Give Youth Award to Shekhar Mallick

### Why In News?

On March 13, 2023, according to media information received on, the prestigious Youth Award of The Bhartiya Bhasha Parishad, Kolkata will be given to young storyteller Shekhar Mallick from Jharkhand. In this regard, the writer Shekhar Mallick has been informed by the council through email.

### Key points

- Shekhar Mallick said that the decision to give this award to him in the year 2020 was made, but due

Note:

to the Corona pandemic, it could not be announced at that time.

- It is known that Shekhar Mallick is a resident of Ghatshila in East Singhbhum district of Jharkhand.
- The award is given to young litterateurs of Hindi and other Indian languages for their outstanding contribution to literature. He has been selected for Hindi language.
- The award by the Bhartiya Bhasha Parishad will be presented to Shekhar Mallick on 8 April in Kolkata. The award carries a cash prize of Rs 41,000, a memento, a citation and a shawl.

## Players of Jharkhand Will Now Get Cash Award Even After Participating in the World Championship

### Why in News?

According to the information received from the media on 28 March 2023, the **players of Jharkhand will now be given cash awards for their participation in the World Championship or World Cup**. For this, an advertisement has been issued by the Sports Directorate of the state regarding giving cash awards to the players.

### Key Points:

- This time, cash prizes are also being given for participation in some competitions. The rules of the

Note:

drishti

earlier cash award have been changed, after which the cash award received by the players has also increased.

- It is known that earlier there was no cash award for participation in this event, which is held at an interval of one to two years but now the players will get Rs 1.50 lakh. It will be given to both senior and junior level.
- State players will be given cash prizes for a total of 24 competitions. Cash awards will not be given for only one event in which at least eight countries participate in the international tournament, no cash award will be given to the players for winning any medal in it.
- A cash award of Rs 50,000 will be given to differently-abled players for their participation in Special Olympics at the international level.

## NABARD made a Credit Plan of 43 thousand crores for Jharkhand

### Why in News?

On 29 March 2023, the National Bank for Agriculture and Rural Development (NABARD) organized a State Credit Seminar at Jharkhand Mantralaya Auditorium in Ranchi, in which NABARD presented a state credit plan of Rs. 43,725 crores for Jharkhand in the year 2023-24.

### Key Points:

- This credit scheme is about Rs 9,267 crore more than Rs 34,458 crore for the financial year 2022-23.
- The theme of the program was 'Proliferation of State Budget with Credit Plan'.
- On this occasion, MS Rao, CGM of NABARD highlighted the importance and purpose of the State Credit Seminar and emphasised the formation of more Farmer Producer Organizations in the state and the

adoption of hi-tech agriculture by them for the benefit of the farmers. He presented the State Focus Paper on behalf of NABARD.

- It has been clarified in the state focus paper that in all 24 districts of the state, banks can give loans of Rs 15,000 crore against the state's agricultural loan of Rs 4000 crore. Financial assistance has been increased in several schemes for the farmers, women and youth of the state. By giving priority to this sector, the situation of unemployment, poverty and migration can be controlled.
- This time, like the central government, the focus of NABARD was seen on micro, small and medium industries. Considering the maximum loan potential of 51% in this sector, a loan proposal of Rs 22071.87 crore has been made in micro, small and medium industries.
