India's Demographic Dividend

drishtias.com/printpdf/indias-demographic-dividend-mindmap

- ❑ Asymmetric demography.
- ❑ Informal nature of Indian Economy.
- ❑ Large investment required in education and health sector.

What Needs To Be Done

- ❑ Building human capital.
 - Focus on education, skill development and healthcare facilities.
- ❑ Job creation
 - Increasing female labour force participation.
- ❑ Improved infrastructure
 - access to easy finance
 - reducing barriers to entrepreneurship
 - forums for mentorship of emerging entrepreneurs

Way Forward

- ❑ Effective policy design and implementation focusing on population dynamics.
- ❑ Sufficient investment in education, skill development, and health facilities.
