 - China considers Nepal a key partner in its **Belt and Road Initiative** (BRI), and wants to **invest in Nepal's infrastructure** as part of its grand plans to boost global trade.
 - Rising Nepal and China cooperation can undermine Nepal's distinction of **buffer state** between India and China.
 - China on the other hand wants to avoid the formation of any **Anti-China stance by the Tibetans living in Nepal**.
 - **Border Dispute:**

The **issue erupted in November 2019** when Nepal had released a new political map that claims **Kalapani, Limpiyadhura and Lipulekh of Uttarakhand as part of Nepal's territory**. The area of **Susta** (West Champaran district, Bihar) can also be noted in the new map.

Way Forward

- India should negotiate diplomatically to resolve the boundary dispute with Nepal under the aegis of **International law on Trans-boundary Water Disputes**. In this case, boundary dispute resolution between **India and Bangladesh should serve as a model**.
- India should engage more proactively with Nepal in terms of **people to people engagement, bureaucratic engagement as well as political interactions**.

- Mere **differences shall not turn into disputes** and both the countries should resolve the issues peacefully.
