Kondapalli toys, **cultural icons of Andhra Pradesh**, are one of the most sold handicrafts in India and abroad, across online, wholesale, and retail platforms.

- The '**Tella Poniki**' wood gives the toys a unique character. No other wood can be a replacement to make these toys as Tella Poniki is malleable and can be easily chiseled into the desired shape.
- Kondapalli Toys have been granted the **Geographical Indications (GI) tag**.
