## Ramsar Convention

- It was **signed in 1971** in the **Iranian city of Ramsar** and is **one of the oldest inter-governmental accord** for preserving the ecological character of wetlands.
- It is also known as the **Convention on Wetlands.**

- Wetlands declared as Ramsar sites are protected **under strict guidelines** of the convention.

## Montreux Record

- Montreux Record under the Ramsar Convention is a **register of wetland sites on the List of Wetlands of International Importance** where changes in ecological character have occurred, are occurring, or are likely to occur as a result of technological developments, pollution or other human interference.
- It is maintained as part of the Ramsar List.
- Currently, **two wetlands of India are in Montreux record: Keoladeo National Park (Rajasthan) and Loktak Lake (Manipur).**
- **Chilika lake (Odisha)** was placed in the record but was **later removed** from it.
