

CM gifts 'Hamar Lab' to Kankerites

Why in News?

- On June 6, 2022, Chief Minister Bhupesh Baghel, during his state-wide meet-up programme, dedicated a state-of-the-art integrated 'Hamar Lab' at Kamaldev District Hospital in Kanker district.

Key Points

- 'Hamar Lab' is an integrated health lab with state-of-the-art equipment. Here, quality testing services will be made available to the patients using all the resources related to the investigation in one place. This will also relieve the patients from the problem of testing at expensive rates outside.
- Now patients will get the facility of 120 different types of health check-ups under one roof. These include screening for diseases such as cancer and TB.
- In 'Hamar Lab', 15 types of tests related to hematology, 39 types of tests related to clinical pathology, 42 types of tests related to biochemistry, 8 types of tests related to sirology, 10 types of tests related to microbiology as well as 6 related to histopathology and cytology. Type of check features will be found.
- Apart from this, the Chief Minister also inaugurated the Mother and Child Diseases Hospital at Albelapara in Kanker district headquarters. Earlier, the Adarsh Mahila Mahavidyalaya was being run here. It was converted into a COVID-19 hospital during the Corona period, after which the Mother and Child Health Hospital, which runs at District Hospital Kanker, has been shifted here.
