What is Aspirational Districts Programme?

- **About:**
 - It was launched in 2018 which aims to **transform districts** that have shown relatively **lesser progress in key social areas.**
 - Aspirational Districts are those districts in India, that **are affected by poor socio-economic indicators.**
- **Broad Contours of the Programme:**
 - **Convergence** (of Central & State Schemes)
 - **Collaboration** (of Central, State level 'Prabhari' Officers & District Collectors),
 - **Competition** among districts through monthly [delta ranking](#).
 - The delta ranking of the Aspirational Districts combines the innovative use of data with pragmatic administration, keeping the district at the locus of inclusive development.
- **Objectives:**
 - It focuses **on the strength of each district, identifying low-hanging fruits for immediate improvement and measuring progress** by ranking districts on a monthly basis.
 - Districts are prodded and encouraged to first catch up with the best district within their state, and subsequently aspire to become one of the best in the country, by **competing with, and learning from others** in the **spirit of competitive & cooperative federalism.**
 - The Government is committed to raising the living standards of its citizens and ensuring inclusive growth for all - **"Sabka Saath Sabka Vikas aur Sabka Vishwas"**.
 - The ADP is essentially aimed at **localizing Sustainable Development Goals**, leading to the progress of the nation.
- **Parameters for Ranking:**
 - The ranking is based on the incremental progress made across 49 Key Performance Indicators (KPIs) under **5 broad socio-economic themes** -
 - **Health & Nutrition (30%)**
 - **Education (30%)**
 - **Agriculture & Water Resources (20%)**
 - **Financial Inclusion & Skill Development (10%)**
 - **Infrastructure (10%)**

- **Various Programmes:**
 - Various programmes such as – **Saksham Bitiyan Abhiyan, [Anemia Mukh Bharat](#) and [Surakshit Hum Surakshit Tum](#)**, are some of the flagship initiatives that have been taken up by [NITI Aayog](#) in this regard.
- **Challenges Associated with ADP**
 - **Insufficient Budgetary Resources:**
 - ADP is affected by the issue pertaining to **insufficient budgetary resources**.
 - **Lack of Coordination:**
 - ADP is implemented by **multiple ministries which leads to a lack of coordination**.
 - **Data High-quality administrative data:**
 - Data High-quality administrative data is critical to improving programme implementation and design at the local level.
 - **Ranking Method:**
 - The [Delta ranking](#) **itself is largely focused on assessing quantity** (that is, coverage of access) rather than quality.
 - **Quality of Education:**
 - Also, the quality of education in India is in a dismal condition, as highlighted by [the ASER report](#).

Way Forward

- A **more simplified ranking index** is needed with a few carefully chosen output and outcome measures which can more clearly signal national development targets.
- **Financial autonomy** to local governments should be provided.
- **Independent surveys** can be used to validate administrative data, this will help improve data quality.
- Building each **district's internal capacity** to produce reliable and actionable data, and promoting a culture of data use, can be made a priority for the ADP.
