

Drone-Based Vaccine Delivery Model: i-Drone

Why in News

Recently, the Ministry of Health and Family Welfare has launched a Drone-Based vaccine delivery model named, **Drone Response and Outreach in North East (i-Drone)**.

- Drone is a layman terminology for [Unmanned Aircraft \(UA\)](#). There are three subsets of Unmanned Aircraft- Remotely Piloted Aircraft, Autonomous Aircraft and Model Aircraft.

Key Points

- **About:** [//](#)
 - [Indian Council of Medical Research \(ICMR\)](#) has devised the model to make sure that life-saving vaccines reach everyone.
 - It has been designed to facilitate vaccine delivery **to tough and hard-to-reach terrains** of India.
 - Currently, the drone based delivery project has been granted permission for implementation in [Manipur and Nagaland](#), as well as union territory of [Andaman and Nicobar Island](#).
 - The permission was granted to the **ICMR** for conducting feasibility study of [Covid-19 vaccine](#) delivery using drones, in collaboration with IIT-Kanpur.
- **Significance:**
 - It will help in **overcoming the gaps in current vaccine delivery mechanisms** and can be used in delivering important **life-saving medicines**, collecting blood samples etc.
 - This technology can also be **used in critical situations**. It can be a game changer in **addressing the challenges in health care delivery**, particularly health supplies in difficult areas.
- **Other Projects Using Drones:**
 - Telangana government has selected 16 Primary Healthcare Centres (PHCs) for pilot testing the ambitious [‘Medicine from the sky’, the first-of- its-kind project](#).

- The [International Crops Research Institute \(ICRISAT\)](#) was permitted to deploy **drones for agricultural research activities**, apart from some agriculture universities and educational institutions.

Indian Council of Medical Research

- It is the apex body in India for the **formulation, coordination and promotion of biomedical research**.
- Its mandate is **to conduct, coordinate and implement medical research** for the benefit of the Society; translating medical innovations into products/processes and introducing them into the public health system.
- It is **funded by the Government of India** through the Department of Health Research, Ministry of Health & Family Welfare.
