## Digi Yatra will Start Soon at Varanasi Airport | Uttar Pradesh | 30 Nov 2022

### Why In News?

- On November 29, 2022, Varanasi Airport Director Aryama Sanyal of Uttar Pradesh said that the service of **Digi Yatra** will be available at Varanasi's Lal Bahadur Shastri International Airport from December 1. Civil Aviation Minister Jyotiraditya Scindia will virtually inaugurate it from Delhi.

### Key Points

- The airport director said that under Digi Yatra, passengers will have their face as boarding pass. This will get rid of all the papers to the passengers and save their time.
- First, entry will be given under this Digi Yatra on domestic flights, after which Digi Yatra will be started for international flights. This will save 50 percent of the time taken during the boarding pass.
- He said that passengers at the airport can also register for Digi Yatra from mobile. The Digi Yatra QR code installed at the airport will be scanned from the mobile. After this, **Aadhaar card, PAN card, mobile number** will be required for registration. For Digi Yatra, passengers can also register at home by downloading the Digi Yatra app from the Play Store. This will save passengers time and give them easy entry into the terminal building.
- Apart from this, the basic data of the passenger will be stored in the machine installed at the airport during Digi travel. After this, whenever he has to travel, he will not need any kind of papers. Passengers will be able to enter the Digi travel machine at the airport by scanning their face and ticket. On December 1, a special reward will be given to the passenger who gets entry through Digi Yatra. Apart from this, gifts will also be given to other passengers.
- Aryama Sanyal said that Digi travel facility will be available only at gate number two of the airport. There will be a separate counter for luggage for Digi passengers. The luggage of these passengers will be delivered to the aircraft from the respective counter.
- Initially, IndiGo Airlines will provide this service. On the first day, air passengers of Delhi will get the facility. After this, Air India and Vistara will serve. At present, only passengers traveling by IndiGo at Varanasi airport are getting the facility of Digi Travel.
- It is noteworthy that Digi Yatra is starting from December 1 at Varanasi Airport. Earlier, Digi yatra was being tested. Since the trial for Digi Yatra started at the airport in January, 5526 passengers have travelled under Digi Yatra. At the same time, 877 passengers have downloaded the app and registered.
- Along with Varanasi, Digi Yatra will also be launched at Delhi and Bengaluru airports. However, Lal Bahadur Shastri International Airport (Babatpur Airport) will be the first airport in the country where services operate under the Airport Authority.

## **President Draupadi Murmu Inaugurates 3 Major Projects for Haryana | Haryana | 30 Nov 2022**

### **Why In News?**

- On November 29, 2022, President Draupadi Murmu virtually inaugurated and laid the foundation

stone of three important projects of the Haryana government at the International Gita Seminar at Shrimad Bhagwad Gita Sadan, Kurukshetra University in the series of programs of the ongoing International Gita Mahotsav at Dharmakshetra Kurukshetra, Haryana.

## Key Points

- President of India launches '**Nirogi Haryana Yojana**' for Antyodaya families. Under this scheme, comprehensive health check-up of Antyodaya families will be done free of cost. In the first phase, families with income less than Rs 1 lakh 80 thousand will be included as beneficiaries, while the remaining population will be covered in later phases.
  - It is noteworthy that Chief Minister Manohar Lal, while announcing in the budget for the year 2022-23 as finance minister, had presented the vision that comprehensive health check-up of all the citizens of the state should be done free of cost at least once in two years. Giving shape to this announcement, 'Nirogi Haryana Yojana' has been made.
  - According to the data of Antyodaya households released by the Department of Civil Resources Information, the total number of households is 26,64,257 and the population is 1,06,06,475. The Antyodaya Parivar will be taken as a unit for comprehensive testing of all its members and the population has been classified into 5 different age groups to make the process easier. 0-6 months under Category-1, 6-59 months in Category-2, 5-18 years in Category-3, 18-40 years in Category-4 and above 40 years in Category-5 class has been kept.
  - Asha and Anganwadi workers will visit each household of the eligible population and guide them for testing at the nearest health facility. The beneficiary will be subjected to a general physical examination. In addition, other laboratory tests will also be conducted.
  - An in-house application will be developed to keep a record of data during health check-ups, which can be used to improve existing health programs.
  - Keeping in view the increasing demand of doctors and with the aim of achieving the desired doctor-patient ratio, the state government has set a target to build a medical college and hospital in every district. In this episode, the President laid the foundation stone of a medical college to be built on 21 acres of land in Sirsa district. It will cost about Rs 950 crore.
  - With the establishment of this college, medical education and research will also be encouraged along with better medical facilities in Sirsa and surrounding areas. 100 M.S. in this college. B.B.S. There will be an annual admission of students and a 539-bed hospital equipped with state-of-the-art technologies.
  - The campus includes teaching hospital with service block, medical college with examination block, girls hostel and girls intern hostel, boys hostel and boys intern hostel, junior senior resident hostel, autopsy block, waste management facility, sports facility, nursing, paramedical and physiotherapy college, There will be facilities like nursing girls hostel etc.
  - It is notable that at present there are 1835 M.B.B.S. seats, 708 M.D./M.S. seats and 155 D.N.B. There are 13 medical colleges functioning with diploma seats. Of these, 6 are state, 1 state aided and 6 private sectors. With the opening of a medical college in every district, the number of MBBS seats in the state will increase to more than 3,000.
  - President Draupadi Murmu launched e-ticketing system in Haryana Roadways buses. With the launch, the President was presented with a replica of the National e-Mobility Card as the first ticket.
  - Haryana has become the first state in the country to implement open loop ticketing system as per the guidelines issued by the Government of India. In the initial phase, the e-ticketing system will be implemented in 6 depots, namely, Chandigarh, Karnal, Faridabad, Sonapat, Bhiwani and Sirsa. Similarly, by the end of January 2023, this project will be fully implemented in the remaining 18 depots of Haryana Roadways.
  - The main objective of this project is to close revenue leakages. Also, promote the use of open loop ticketing, which can later be used for other modes of travel across India.
  - Apart from this, identification of exempted, elimination of fake passes, paper savings for concessional passengers, providing better travel experience for passengers through use of common mobility cards, route rationing according to the number of passengers and increasing the number of passengers travelling by buses, public transport.

## Facility Common Center | Jharkhand | 30 Nov 2022

### Why In News?

- On November 29, 2022, Jharkhand Education Minister Jagarnath Mahto said that under the SFURTI Scheme of the Central Government, a facility common center will be set up at Bhendra in Bokaro in the state at a cost of about Rs 2 crore, for which 50 decimal land has been identified in Bhendra.

### Key Points

- Minister Jagarnath Mahato informed that work is going on to develop the cottage industry of Bhendra, the iron city of the state. For this, the team led by Dr. Akanksha Sinha, CEO of Atal Community Innovation Center of IIT ISM Dhanbad has prepared the project.
- It is known that Bhendra is called Sheffield of Jharkhand. Dr. Akanksha Sinha said that if Bhendra gets a trademark, it will be recognized in the national and international markets.
- He said that the team of IIT has prepared a project after surveying Bhendra village for a month, in which there is a plan to develop this industry by modernizing the traditional technology.
- It is known that weapons were made for his army from the time of Sher Shah in Bhendra and even today, Sword, Spear, Dagger, Farsa, Axe, Hasia, Hammer, Knife, Baisuli, Spade etc. are made with traditional technique. These tools are made by beating the hammer after heating the iron on coal. This work is done in about 200 houses of the village, in which about 150 artisans and 300 laborers make iron material every day without protection and they do not even get proper wages.
- For the facility common center to be built in Bhendra, skilled artisans there will be trained and taught the art of making iron materials with modern technology, which will be able to make better goods at a low cost. Apart from this, artisans and laborers will also be protected.
- The facility common centre will have water supply from the nearby Jamunia river, electricity from the nearby power sub-station, raw iron material from nearby cities and coal from CCL colliery. Trademarks will also be approved for identification of iron material manufactured by Bhendra. At present, traders take the goods made in Bhendra to Kolkata and do some work there and fix the price by marking their own on the goods.
- Jagarnath Mahato said that efforts will be made to get approval by sending the project to the central government and after the project lands on the ground, Bhendra will be famous all over the country and at the same time the artisans, laborers and traders here will be uplifted.

## Special Bulletin on Maternal Deaths | Chhattisgarh | 30 Nov 2022

### Why In News?

- The Special Bulletin on Maternal Deaths (SRS - Sample Registration System) was released in the country between the years 2018 and 2020 issued by the Office of the Registrar General of India on November 28, 2022. According to this, the MMR of the state has decreased by 22 points in three years. The maternal mortality rate in the state has **come down from 159 per one lakh live births to 137 now.**

### Key Points

- According to the SRS data released by the Office of the Registrar General of India, the MMR of the state has decreased by 22 points in three years.
- Due to the special focus on maternal and child health by the state government, the MMR of Chhattisgarh, which had 159 maternal mortality rate (MMR) between 2016 and 2018, has now come down to 137. This is the lowest ever figure of maternal mortality rate in the state.
- Under the leadership of Chief Minister Bhupesh Baghel, SuPoshan Abhiyan is being conducted to provide better nutrition to pregnant and infant women. Health services have been continuously strengthened to provide better care of maternal health and all types of treatment to pregnant and lactating women. The health of high-risk pregnant women is being regularly checked and monitored.
- The number of institutional deliveries is also increasing continuously in the state. The facilities for caesarean delivery have also increased in government hospitals. Mitanines and ANMs are continuously monitoring maternal and child health at the community and field level. Due to all these steps of the state government, there has been a significant reduction in the maternal mortality rate in the state.
