

National E-Commerce Policy

Why in News?

The Indian government is set to introduce a **national** <u>e-commerce</u> **policy** that aims to create a **favorable environment** for the development of the sector and drive exports.

- The e-commerce policy was first proposed in 2018 and in 2019, a draft of the e-commerce policy was released.
- Department for Promotion of Industry and Internal Trade (DPIIT), the Ministry of Commerce and Industry emphasized the need for a streamlined regulatory framework, technological advancements, and efficient supply chain integration.

What are the Key Points About the Upcoming E-Commerce Policy?

- Aim:
 - The national e-commerce policy aims to establish a regulatory framework that facilitates ease of doing business in the sector.
- Boosting Exports:
 - The policy recognizes the significant export potential of India's e-commerce sector.
 - By 2030, India's e-commerce export potential is estimated to range **between 200** billion USD to 300 billion USD annually.
 - With global cross-border e-commerce exports projected to reach 2 trillion USD by 2025, India aims to capitalize on this growth opportunity.
- Regulatory Body and FDI:
 - The possibility of establishing a regulator for the e-commerce sector is being considered, but its implementation may take time.
 - **Local traders' associations** have been advocating for an empowered regulatory body to enforce e-commerce rules and curb violations.
 - While 100% foreign direct investment (FDI) is allowed in the marketplace model, FDI is not permitted in the inventory-based model.
- Addressing Trader Concerns:
 - Traders have expressed concerns regarding the violation of e-commerce rules, such as deep discounts and preferences given to select sellers.
 - The policy intends to clarify these issues and provide greater transparency in the rules governing FDI in e-commerce.
 - The **Consumer Protection (e-commerce) Rules 2020** and proposed amendments will be aligned with the e-commerce policy for consistency.
- Comprehensive Framework:
 - The e-commerce policy will serve as an overarching framework for the sector, ensuring coherence among various governing acts.
 - The sector is governed by the **FDI policy, the** <u>Consumer Protection Act, of 2019</u>, the <u>Information Technology Act of 2000</u>, and <u>the Competition Act, of 2002</u>.
 - The policy aims to streamline these regulations and create a conducive environment for the growth of the e-commerce industry.

What are the Other Related Indian Government's e-commerce Initiatives?

- **Launching the** BharatNet project:
 - Provide internet connectivity in local bodies in every Panchayat, which will increase the reach and access of e-commerce in rural areas.
- Open Network for Digital Commerce (ONDC):
 - A network that aims to provide equal opportunities for <u>Micro, Small and Medium</u>
 <u>Enterprises (MSME)</u> to thrive in digital commerce and democratize e-commerce
- Digital India initiative:
 - The <u>Digital India initiative</u> has provided solid impetus to other government-led initiatives, including <u>Start Up India</u> and <u>Aatmanirbhar Bharat</u>, which have great potential to translate into global success.
