Why in News?

Recently, the <u>Supreme Court</u> gave two months to **high courts and states** to implement a set of guidelines meant to **streamline inadequacies and deficiencies in criminal trials.**

- These guidelines are referred to as Draft Rules of Criminal Practice, 2020.
- The Draft Rules recommends reforms in investigation and trial, including proposals to employ separate teams of lawyers to help the police during the probe and for the trial; details to be covered while drafting spot panchnamas and even corrections in body sketches.

What is Criminal Justice System in India?

- Criminal Justice System refers to the agencies of government charged with enforcing law, adjudicating crime, and correcting criminal conduct.
- Objective:
 - To prevent the occurrence of crime.
 - To punish the transgressors and the criminals.
 - To rehabilitate the transgressors and the criminals.
 - To compensate the victims as far as possible.
 - To maintain law and order in society.
 - To deter offenders from committing any criminal act in the future

Why There is a Need for Reforms?

- Colonial Legacy: The criminal justice system- both substantive and procedural- are replica
 of the Bristish colonial jurisprudence, which were designed with the purpose of ruling the
 nation.
 - Therefore, the relevance of these 19th century laws is debatable in the 21st century.
- Ineffective Justice Delivery: The purpose of the criminal justice system was to protect the rights
 of the innocents and punish the guilty, but nowadays the system has become a tool of
 harassment of common people.
- Pendency of Cases: According to <u>Economic Survey</u> 2018-19, there are about 3.5 crore cases pending in the judicial system, especially in district and subordinate courts, which leads to actualization of the maxim <u>Justice delayed is justice denied."</u>
- **Huge Undertrials:** India has one of the world's largest numbers of undertrial prisoners.
 - According to <u>National Crime Records Bureau (NCRB)</u>-Prison Statistics India, 67.2% of our total prison population comprises of <u>under trial prisoners</u>.
- **Police Issue:** Police are being a front line of the criminal <u>judiciary system</u>, which played a vital role in the administration of justice. Corruption, huge workload and accountability of police is a

major hurdle in speedy and transparent delivery of justice.

Way Forward

- Victim And Witness Protection: There is a need to launch victim and witness protection schemes, use of victim impact statements, increased victim participation in criminal trials, enhanced access of victims to compensation and restitution.
- Revision of Criminal Codes: Criminal liability could be graded better to assign the degree of punishments.
 - New types of punishments like community service orders, restitution orders, and other
 aspects of restorative and reformative justice could also be brought in its fold.
 - Also, many chapters of the <u>Indian Penal Code</u> are overloaded at several places.
 - For instance, the chapters on offences against public servants, contempt of authority, public tranquility, and trespass can be redefined and narrowed.
- Increasing Strength of Judicial Service: One of the solutions is to substantially increase the strength of the judicial services by appointing more judges at the subordinate level improvements must start from the bottom of the pyramid.
 - Strengthening the subordinate judiciary also means providing it with administrative and technical support and prospects for promotion, development and training.
 - Institutionalizing All-India Judicial Service can be a step in the right direction.
- Promoting Alternative Dispute Resolution: It should be mandated that all commercial litigation will be entertained only if there is an affidavit from the petitioner that mediation and conciliation have been attempted and have failed.
 - Mechanisms such as <u>ADR (Alternate Dispute Resolution)</u>, <u>Lok Adalats</u>, <u>Gram Nyayalayas</u> should be effectively utilized.
