

BSNL to Launch 4G Services in Bihar

Why in News

On February 19, 2022, BSNL Board of Director Sushil Kumar Mishra said that 4G services will be launched in Bihar on upcoming 15th August.

Key Points

- For this, 4000 towers of BSNL 4G will be installed in Bihar.
- It is worth mentioning that BSNL has 4G spectrum. Bihar currently has 2,800 mobile towers for 2G and 3G. All will be upgraded to 4G. Along with Bihar, BSNL's 4G review service will also start in Delhi and Mumbai.
- BSNL will launch 4G service mobile with fully 2G indigenous ventures. TCS is making indigenous 4G venture. Along with the launch of 4G, the trial of 5G will also start.
- BSNL Chief General Manager Devendra said that other telecom companies are increasing their tariff, but BSNL is providing mobile services at concessional rates. In the last month, two lakh subscribers are connected in BSNL Bihar Lee Circle.
