

# **Tiger Safari Banned in Jim Corbett**

#### Why in News?

Recently, the Supreme Court reprimanded the Uttarakhand government for its involvement in the felling of trees and unauthorised construction activities within the <u>Jim Corbett National Park.</u>

#### **Key Points**

- According to the Supreme Court a committee will look into whether tiger safaris can be permitted in buffer or fringe areas of national parks in the country.
- The apex court also directed the Centre to establish a committee tasked with proposing measures to alleviate the environmental damage caused and to seek reimbursement from those accountable.
- The Supreme Court pulled up the government over unprecedented felling of trees and environmental damage in the Tiger reserve. It has asked for a status report on illegal construction, felling of trees in Corbett within three months.
- Earlier in January, the Supreme Court had dismissed the <u>National Tiger Conservation</u>
   <u>Authority's (NTCA)</u> proposal to establish a tiger safari within national parks, emphasizing the need for an "animal-centric" approach over a "tourism-centric" one.
- The Court's stance underscores the importance of prioritizing the welfare and conservation
  of wildlife within national parks, reaffirming the principle of maintaining natural habitats for
  animals over tourist attractions.

### Jim Corbett National Park

- It is located in the Nainital district of Uttarakhand. The Project Tiger was launched in 1973 in Corbett National Park (first National Park of India), which is part of Corbett Tiger Reserve.
  - The national park was established in 1936 as Hailey National Park to protect the endangered Bengal tiger.
  - It is named after Jim Corbett who played a key role in its establishment.
- The core area forms the Corbett National Park while the buffer contains reserve forests as well as the Sonanadi Wildlife Sanctuary.
- The entire area of the reserve is mountainous and falls in the Shivalik and Outer Himalaya geological provinces.
- Ramganga, Sonanadi, Mandal, Palain and Kosi are the major rivers flowing through the Reserve.
- Sprawling over 500 square kilometres, CTR is home to 230 tigers and has the world's highest tiger density — at 14 tigers per hundred square kilometres.

## National Tiger Conservation Authority's (NTCA)

- National Tiger Conservation Authority (NTCA) is a statutory body under the Ministry of Environment, Forests and Climate Change.
- It was established in **2005** following the recommendations of the Tiger Task Force.
- It was constituted under enabling provisions of the Wildlife (Protection) Act, 1972, as amended in 2006, for strengthening tiger conservation, as per powers and functions assigned to it.
