Why in News

- Scheme for Creation of Infrastructure for Agro-Processing Cluster:
 - It was approved in May 2017 under the PMKSY, to incentivise the setting up of APCs in the country.
 - Aims: To develop modern infrastructure and common facilities to encourage a group of entrepreneurs to set up <u>food processing</u> units based on cluster approach by linking groups of producers/farmers to the processors and markets.
 - These clusters will help in reducing the wastage of the surplus produce and add value to the <u>horticultural</u>/agricultural produce which will result in an increase of income of the farmers and create employment at the local level.
 - Under the scheme, each APC has two basic components:
 - **Basic Enabling Infrastructure** like roads, water supply, power supply, drainage, etc.
 - Core Infrastructure/Common Facilities like warehouses, cold storages, tetra pack, sorting, grading, etc.
 - Requirements for Setup:
 - At least 5 food processing units with a minimum investment of Rs. 25 crore and at least 10 acres of land is required for at least 50 years.

- In 2017, it was renamed as the Pradhan Mantri Kisan Sampada Yojana (PMKSY).
- It is a <u>Central Sector Scheme</u>.

Objectives:

- To supplement agriculture.
- To create processing and preservation capacities.
