

BHISHM Cube in Ayodhya

Why in News?

Recently, the BHISHM (Bharat Health Initiative for Sahyog, Hita and Maitri) Cube, a state-of-theart indigenous mobile hospital, was deployed in Ayodhya. It is part of Project Arogya Maitri.

• It emerged as a crucial lifesaver during a **medical emergency** at the Ram Mandir inauguration in Ayodhya.

Key Points

- The Aarogya Maitri project involves India supplying vital medical resources to any developing nation facing the impact of natural disasters or humanitarian crises.
- BHISHM cube is tailored to treat up to 200 casualties, emphasizing rapid response and comprehensive care.
 - The Aid Cube is **equipped with several innovative tools** designed to enhance disaster response and medical support during emergencies.
- It integrates <u>Artificial Intelligence (AI)</u> and data analytics to facilitate effective coordination, real-time monitoring, and efficient management of medical services in the field.
- The success of BHISHM Cube underscores the importance of **mobile hospital units in delivering immediate** and effective medical assistance during emergencies.
