Direct Benefit Transfer Scheme

- It has been visioned as an aid for simpler/faster flow of information and funds to the beneficiaries and to reduce the fraud in the delivery system.
- It is a mission or an initiative by the government of India started on 1st January 2013 as a way to reform the government delivery system.
 - Central Plan Scheme Monitoring System (CPSMS), the earlier version of the **Public** Financial Management System (PFMS), of the Office of Controller General of Accounts, was chosen to act as the common platform for routing of the Direct Benefit Transfer.
- Components of DBT: Primary components in the implementation of DBT schemes include
 Beneficiary Account Validation System, a robust payment and reconciliation platform integrated
 with Reserve Bank of India (RBI), National Payments Corporation of India (NPCI), Public
 & Private Sector Banks, Regional Rural Banks and Cooperative Banks (core banking
 solutions of banks, settlement systems of RBI, Aadhaar Payment Bridge of NPCI) etc.
- There are 310 Schemes from 53 Ministries under DBT. Some important schemes are:
 - Pradhan Mantri Fasal Bima Yojana, National Food Security Mission, Pradhan Mantri Krishi Sinchai Yojana, PM KISAN, Swachh Bharat Mission Gramin, Atal Pension Yojana, National AYUSH Mission.
- Aadhaar is not mandatory in DBT schemes. Since Aadhaar provides unique identity and is useful in targeting the intended beneficiaries, Aadhaar is preferred and beneficiaries are encouraged to have Aadhaar.
