

Tirur Vettila

Recently Kerala's tirur vettila has obtained Geographical Indication tag.

- Tirur Vettila is a type of betel leaf which is grown in Tirur and nearby areas of Malappuram district of Kerala.
- Tirur Vettila is unique for its significantly high content of total chlorophyll and protein in fresh leaves.
- Tirur vettila possess some special biochemical characters like unique flavour and aroma.
 - **Eugenol** is the major essential oil in Tirur betel leaf contributing to its pungency.
- The leaves are nutritive and contain anticarcinogens, showing future opportunities in anticancer drugs
- Betel vine was reported to have immunosuppressive activity and antimicrobial property
- The <u>Intellectual property rights (IPR)</u> Cell of Kerala Agricultural University has received National IP Award, 2019 of Government of India its efforts in the facilitation of GI Registration.
