

Rise in NREGS Demand

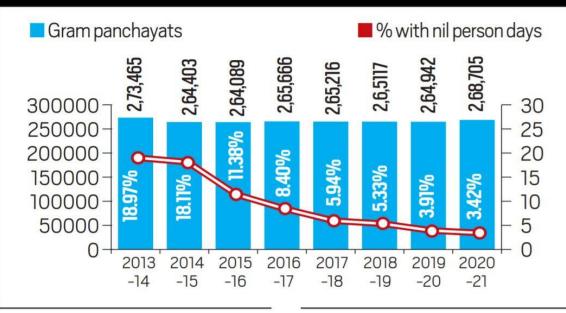

Why in News

A recent analysis of data available up to November on the National Rural Employment Guarantee <u>Scheme (NREGS)</u> portal shows that demand for work has been at all time high.

Key Points

- The NREGS is a demand-based scheme and has emerged as a safety net during the pandemic for jobless migrant workers returning to their villages
- Despite a progressive relaxation in <u>Covid-19</u> curbs to revive the economy, 96% gram panchayats have logged work under the scheme in the financial year (2020-21) as compared to previous seven years. sion

PANCHAYATS WITH ZERO PERSON DAYS WORK

- The number of gram panchayats generating nil person days of work (panchayats with zero person days work) during the current financial year are at an eight-year low of only 3.42% of the 2.68 lakh gram panchayats across the country.
 - In 2019, the number of gram panchayats generating nil person days during the entire period was 3.91% of the total 2.64 lakh gram panchayats.
- Over 96% of gram panchayats across the country have registered demand for work under NREGS from April till November-end.
- Over 6.5 crore households, covering 9.42 crore individuals, have availed NREGS till November 2020, which is an **all-time high.**

- Over 265.81 crore person days have been generated, which is higher than 265.44 crore generated in 2019.
- 1.98 crore households availed the scheme in October 2020, which is 82% higher than 2019.
- Highest number of demand for work came from Tamil Nadu, West Bengal, Uttar Pradesh and Madhya Pradesh.
- The wage expenditure has also reached an all-time high of Rs. 53,522 crore during this period.
- Tamil Nadu has reported the highest figure of households that availed the NREGS across the country, since July and has been followed by West Bengal.
 - These two states were not covered under the Garib Kalyan Rojgar Abhiyaan.

National Rural Employment Guarantee Scheme

- The <u>Mahatma Gandhi National Rural Employment Guarantee Act, 2005</u> was notified by the Government of India on September, 2005 and was made effective in February 2006. Under it, the NREGS was introduced.
- The Act aims at enhancing the livelihood security of people in rural areas by guaranteeing hundred days of wage employment in a financial year to a rural household whose adult members (at least 18 years of age) volunteer to do unskilled work.
- The central government bears the full cost of unskilled labour, and 75% of the cost of material (the rest is borne by the states).
- It is a demand-driven, social security and labour law that aims to enforce the 'right to work'.
- Ministry of Rural Development in association with state governments, monitors the implementation of the scheme.

Garib Kalyan Rojgar Abhiyaan

- It was launched in June 2020 to empower and provide livelihood opportunities to the returnee migrant workers and rural citizens who had returned to their home states due to the lockdowns.
- It worked in mission mode for 125 days with an outlay of Rs. 50,000 crore.
- A total of 116 districts across six states, namely Bihar, Uttar Pradesh, Madhya Pradesh, Rajasthan, Jharkhand and Odisha were chosen for the campaign.
 - These districts covered the **maximum number** (about 2/3) of such **migrant workers who had returned.**
 - The chosen districts include 27 <u>Aspirational Districts</u>, districts which are affected by poor socio-economic indicators. These are aspirational in the context, that improvement in these districts can lead to the overall improvement in human development in India. It is a NITI Aayog's Programme.
