

Asia Development Outlook Report 2024

For Prelims: [Asian Development Bank](#), [India's Gross Domestic Product](#), [Capital expenditure](#), [Current account deficit](#), [Regional Comprehensive Economic Partnership](#), [Asian Infrastructure Investment Bank](#), [International North-South Transport Corridor](#), [India-Middle East-Europe Corridor](#), [International Solar Alliance](#).

For Mains: Sectors Driving Asia's Development, India's Contribution in Asia's Development.

Source: [ADB](#)

Why in News?

The [Asian Development Bank \(ADB\)](#) recently released the Asia Development Outlook Report in April 2024 and revised [India's Gross Domestic Product \(GDP\) growth](#) forecast for the fiscal year (FY) 2024 and FY 2025, citing various factors contributing to this optimistic outlook.

What are the Key Highlights of Asia Development Outlook Report 2024?

- **Asia's Growth Outlook:**
 - **About:** Despite uncertain external prospects, Asia is projected to maintain resilient growth in the coming years.
 - Factors such as the conclusion of **interest rate hiking cycles** in most economies and a sustained recovery in goods exports, **particularly driven by improving semiconductor demand**, contribute to the region's broadly positive outlook.
 - **GDP Growth Forecast:** Asia's GDP growth forecast for 2024 stands at 4.9%, with a similar projection maintained for 2025.
 - This steady growth trajectory reflects the region's ability to navigate external challenges and sustain economic momentum.
 - **Inflation Trends:** Inflation in Asia is expected to moderate, with a forecast of **3.2% for 2024** and a further decrease to 3.0% in 2025.
 - This trend indicates a relatively stable pricing environment, which can support consumer confidence and spending.
- **India's Growth Forecast:**
 - **Growth Forecast:** India's investment-driven growth is highlighted as a significant factor in positioning the country as a major economic engine within Asia.
 - ADB now projects India's GDP growth to reach **7% in FY 2024 and 7.2% in FY 2025**, up from the previous forecast of 6.7% for FY 2024.
 - **Factors Fueling Growth in FY 2024:**
 - [Higher capital expenditure on infrastructure](#) development by central and state governments is a major driver of growth.
 - Private corporate investment is expected to rise, supported by stable interest rates and improved consumer confidence.
 - The **service sector's performance**, including financial, real estate, and professional services, is contributing significantly to economic expansion.

- **Growth Momentum in FY 2025:** FY 2025 is expected to witness increased momentum, **driven by improved [goods exports](#)**, enhanced manufacturing productivity, and higher agricultural output.
 - The forecast reflects a positive outlook for India's economy, buoyed by its strong domestic demand and supportive policies.
- **Risks and Challenges:** Despite the positive forecast, unanticipated global shocks like **supply disruptions in [crude oil markets](#)** and weather-related impacts on agriculture remain key risks.
 - The **[current account deficit](#)** is projected to widen moderately due to rising imports to meet domestic demand.
 - However, according to recent RBI data, the current account deficit (CAD) decreased sequentially from 1.3% of GDP in Quarter 2 FY24 to **1.2%** in Quarter 3 FY24.

What is the Asian Development Bank?

- **About:** Established in 1966, ADB is a regional development bank that envisions a prosperous, inclusive, resilient, and sustainable Asia and the Pacific while sustaining its efforts to eradicate extreme poverty in the region.
 - ADB supports its members and partners through the provision of **loans, technical assistance, grants, and equity investments** aimed at advancing social and economic development.
- **Headquarters:** Manila, Philippines
- **Members:** It currently has 68 members of which 49 are from within Asia and the Pacific and 19 outside.
- **ADB and India:** India is a founding member of ADB and the bank's **fourth-largest shareholder**.
 - ADB supports India's priorities for robust, climate resilient, and inclusive growth, aligned with **ADB's Strategy 2030** and the **country partnership strategy, 2023-2027**.

What are the Sectors Driving Asia's Growth?

- **Economic Powerhouse:** Asia is home to several of the world's fastest-growing economies. With **China, Japan and India** being in the top 5 economies of the world.
 - Fueled by economic growth, a burgeoning middle class across Asia is creating a vast pool of consumers, driving demand for goods and services.
 - **Example:** Vietnam is expected to add 36 million people to its middle class by 2030.
- **Home to Manufacturing Hubs:** For decades, Asia has been a dominant manufacturing centre. From **China's dominance in electronics to Vietnam's rise in footwear** production, Asian countries benefit from skilled labour forces and efficient infrastructure, making them cost-competitive and crucial to global supply chains.
- **Rising Trade & Investment:** Asian nations are actively involved in international trade. Regional trade agreements like the **[Regional Comprehensive Economic Partnership \(RCEP\)](#)** create significant trade blocs, boosting intra-Asian trade and foreign investment.
- **Rising Financial Centers:** Asian cities such as **Tokyo, Hong Kong and Singapore** have emerged as major financial centres, attracting investments, fostering entrepreneurship, and facilitating cross-border capital flows.
 - The growing influence of Asian financial institutions like the **[Asian Infrastructure Investment Bank \(AIIB\)](#)** reflects the region's increasing role in shaping global economic policies.

What is India's Contribution to Asia's Growth?

- **Regional Connectivity:** India has been a key player in promoting regional connectivity in Asia through initiatives like the **[International North-South Transport Corridor \(INSTC\)](#)** and the **[India-Middle East-Europe Corridor](#)**.
 - These projects aim to improve transportation networks, trade routes, and economic cooperation between Asia, Africa, and Europe.

- **Renewable Energy:** India is actively promoting renewable energy initiatives that contribute to sustainable development in Asia.
 - The [International Solar Alliance \(ISA\)](#), launched by **India and France**, aims to promote solar energy adoption globally, especially in sun-rich countries in Asia and Africa, thereby addressing energy security and climate change challenges.
- **Capacity Building:** India engages in capacity-building efforts across Asia through initiatives like the [Indian Technical and Economic Cooperation \(ITEC\) program](#).
 - It offers training, education, and skill development opportunities to professionals and students from Asian countries, fostering human resource development and cultural exchanges.
- **Unifying Asia with UPI:** India's [UPI \(Unified Payments Interface\)](#) services are becoming increasingly popular in Asia due to their convenience and efficiency in digital transactions.
 - UPI services have already been launched in [Sri Lanka and Mauritius](#).

Drishti Mains Question:

Q. Discuss the role of the Asian Development Bank (ADB) in fostering economic growth and development in Asia-Pacific countries especially India.

UPSC Civil Services Examination, Previous Year Question (PYQ)

Prelims:
