 - Due to this, there has been a reduction in the number of districts covered under the **Security Related Expenditure (SRE)** Scheme from 126 to 90 in 2018 and further to 70 in 2021.
 - Similarly, the number of districts generating almost 90% of LWE violence, classified as the most LWE-affected districts, decreased from 35 in 2018 to 30 in 2021.

What is Left-wing Extremism?

▪ About:

- **LWE** organizations are the groups that try to **bring change through violent revolution**. They are against democratic institutions and use violence to subvert the democratic processes at the ground level.
- These groups prevent the developmental processes in the least developed regions of the country & try to misguide the people by keeping them ignorant of current happenings.

▪ Reasons:

- **Tribal discontent:**
 - The **Forest (Conservation) Act, 1980** deprives tribals, who depend on forest produce for their living, from even cutting a bark.
 - Massive displacement of tribal population in the naxalism-affected states due to development projects, mining operations and other reasons.
- **Easy Target for Maoists:** Such people who do not have any source of living are taken into naxalism by Maoists.
 - Maoists provide arms and ammunitions and money to such people.
- **Gaps in the socio-economic system of the country.**
 - Government **measuring** its success on the basis of number of violent attacks rather than the **development** done in the naxal-affected areas.
 - **Absence of strong technical intelligence** to fight with Naxalites.
 - Infrastructural problems, for instance, some villages are not yet connected properly with any communication network.
- **No Follow-Up from administration:** It is seen that even after police takes hold of a region, administration fails to provide essential services to the people of that region.
- **Confusion over tackling naxalism** as a social issue or as a security threat.
- **State governments** considering naxalism as the central government's issue and thus are not taking any initiatives to fight it.

What are the Government Initiatives to control LWE?

- **SAMADHAN doctrine** is the one-stop solution for the LWE problem. It encompasses the entire strategy of government from short-term policy to long-term policy formulated at different levels. SAMADHAN stands for-

- **S**- Smart Leadership
- **A**- Aggressive Strategy
- **M**- Motivation and Training
- **A**- Actionable Intelligence
- **D**- Dashboard Based KPIs (Key Performance Indicators) and KRAs (Key Result Areas)
- **H**- Harnessing Technology
- **A**- Action plan for each Theatre
- **N**- No access to Financing
- **The national strategy to counter LWE** was formed in **2015** as a multipronged approach to combat LWE. Its main aim was to ensure participatory governance and protection of the rights of local tribals, inter alia.
- Intelligence sharing and raising of a separate 66 Indian Reserved Battalion (IRBs) was done by the government to curb the menace of LWE organizations.
- **National Policy and Action Plan in 2015:** It consists of a **multi-pronged approach** comprising security measures, development initiatives and ensuring rights & entitlements of local communities.
 - **The Ministry of Home Affairs (MHA) is supporting the State Governments** extensively by way of deployment of **Central Armed Police Force (CAPF)** Battalions, provision of helicopters and UAVs and sanction of India Reserve Battalions (IRBs)/ Special India Reserve Battalions (SIRBs) etc.
 - Funds are provided under **Modernization of Police Force (MPF), Security Related Expenditure (SRE) Scheme and Special Infrastructure Scheme (SIS)** for modernization and training of State Police.
 - **Several development initiatives have been implemented** for construction of roads, installation of mobile towers, skill development, improving network of banks and post offices, health and education facilities.
 - Funds for development are also provided to most **LWE affected districts** under the **Special Central Assistance (SCA) scheme**.
- **Greyhounds:** It was raised in 1989 as an elite anti-naxal force.
- **Operation Green Hunt:** It was started in 2009-10 and massive deployment of security forces was done in the naxal-affected areas.

Way Forward

- The government needs innovative solutions for locating armed groups in the thick forests of the naxalism-affected regions.
- Local Police know the language and topography of a region, they can fight naxalism better than the armed forces.
 - Andhra Police rose '**Greyhounds**', special forces to deal with naxalism in the state.
- Government needs to ensure two things, security of the peace-loving people and the development of the naxalism-affected regions.
- State governments need to understand that naxalism is their problem also and only they can tackle it effectively. They can get help from central government if required.
