

# Maharashtra Cabinet Approves Agri AI Policy

## Why in News?

The Maharashtra Cabinet approved the **MahaAgri-AI Policy 2025-29**, focusing on transforming the **agriculture sector** with the integration of **AI**, **robotics**, **drones**, and predictive analytics.

## Key Points:

- **Innovation and Incubation Centres:** The policy will **establish innovation and incubation centres** at four agricultural universities, guided by prestigious institutions such as the **Indian Institutes of Technology (IITs)** and the Indian Institute of Science (IISc).
- **Funding and Implementation:** A fund of Rs **500 crore** has been allocated for the **first three years** of the policy, accompanied by a **three-tier administrative structure** to ensure efficient execution.
- **Global Collaboration and Annual Summit:** An **independent centre** will be established to **foster global partnerships**, and an annual global summit will be organized to connect with investors, rotating locations across the state.
- **Policy Evolution:** The policy will be **updated every five years** to keep pace with rapid advancements in the AI sector.
