

National Turmeric Board

Source: PIB

Why in News?

The **Ministry of Commerce & Industry** launched the **National Turmeric Board (NTB)** with its headquarters at **Nizamabad, Telangana**.

What are Key Facts About the National Turmeric Board?

- About: It has been established to promote the cultivation, production, processing, and marketing of turmeric in India and enhancing the income of turmeric farmers.
 - The Ministry of Commerce & Industry has increased its **product-dedicated boards to** six, after tea, coffee, rubber, spices, and tobacco.
- Board Representation: The Board will consist of a Chairperson appointed by the Central
 Government with representatives of the Ministry of AYUSH, Department of Pharmaceuticals,
 Department of Agriculture & Farmers Welfare and Department of Commerce, along
 with rotating senior representatives from three states.
- Key Objectives: Farmer welfare across 20 states, including Maharashtra, Tamil Nadu, and others.
 - Promoting research, new products, and value addition for domestic and international markets.
 - Raising awareness about turmeric's medical benefits.

What are Key Facts About Turmeric?

- About: <u>Turmeric</u> is an <u>underground stem</u> of the *Curcuma longa* plant, which is part of the <u>ginger family</u> (<u>Zingiberaceae</u>).
 - <u>Curcumin</u>, the <u>active compound in turmeric</u>, gives it its <u>yellow color</u> and is known for its <u>anti-inflammatory</u>, <u>antioxidant</u>, <u>and antimicrobial benefits</u>.
- Cultivation: India grows over 30 varieties of turmeric across 20+ states, with major production in Maharashtra, Telangana, Karnataka, and Tamil Nadu.
- Global Position: India is the largest producer, consumer, and exporter of turmeric globally.
 - In 2022-23, India produced over 75% of the world's turmeric and holds 62% of the global export market.
- Export Performance: In 2022-23, India exported **1,53,400 tonnes** of turmeric and turmeric products valued at **USD 207.45 million**.
 - Key export markets include **Bangladesh**, **UAE**, the **US**, and **Malaysia**.
- GI Tag: Lakadong turmeric (Meghalaya), <u>Kandhamal turmeric</u> (Odisha), <u>Erode turmeric</u> (Tamil Nadu), <u>Armoor turmeric</u> (Nizamabad, Telanagan) among others have got <u>GI tag</u>.
 - A GI tag is a label given to a product linked to a specific region, with qualities or characteristics unique to that area.
- Medical Benefits: Turmeric, with its active compound curcumin, helps reduce inflammation, neutralize free radicals, and support digestive health by promoting bile production.

Note: India ranked the world's **8th largest agricultural exporter** in 2023 despite a decline in exports from **USD 51.12 billion in FY23 to USD 48.77 billion in FY24**.

• India is targeting a significant boost in its <u>organic produce exports</u>, aiming to triple the value to Rs 20,000 crore within the next three years.
