Department of Telecommunications	Installation of mobile towers	Universal Service Obligation Fund (USOF)
Ministry of Skill	Vocational Education and	Samagra Shiksha Abhiyan & PM

▪ New Solar Power Scheme:

- **Objective:** The objective is to provide electrification to PVTG areas where grid electricity is not feasible, using renewable solar energy solutions.
- **Components:**
 - **Solar Home Lighting System (SHLS):** SHLS will be installed free of cost in scattered un-electrified households in PVTG areas, with necessary appliances and **5 years** of maintenance.
 - **Solar Mini Grids:** Solar mini-grids will be set up for clustered households in PVTG areas, providing appliances like LED bulbs and fans, with CFA support of **₹50,000** per household.
 - **Solarisation of Multi-Purpose Centers (MPC):** Off-grid solar power packs will be installed at MPCs without grid access, with CFA support of **₹1 lakh** per center to cover the entire system cost.
- **Budget:** The total budget for the initiative is **Rs 515 crore**, which will cover the installation of SHLS, solar mini-grids, and solarisation of MPCs in PVTG areas.

Latest Updates

- **Information, Education, and Communication (IEC) Campaign:** The **Ministry of Tribal Affairs** launched a nationwide **IEC campaign (in August-September 2024)** to ensure the saturation of government schemes in **PVTG-majority areas**.
 - This campaign aimed to reach **44.6 lakh individuals** (10.7 lakh households) in **28,700 habitations** across **194 districts** in India.
 - The campaign's primary goal is to increase awareness about government schemes, address challenges like **distance** and **digital connectivity**, and ensure PVTG families receive necessary documents, such as **Aadhar Cards**, **Caste Certificates**, and **Jan Dhan bank accounts**.
- **Infrastructure Development:** A total of 226,064 pucca houses will be provided (19,788 completed), 578 Mobile Medical Units (MMUs) deployed for healthcare, 290,676 tap water connections installed, 2,746.17 km of roads constructed for improved connectivity, and 123,530 unelectrified households will receive power connections.
 - **Solar Power:** 5,067 **households** have been sanctioned under the **New Solar Power Scheme** for electrification.
