

# Madhya Pradesh's 9th Tiger Reserve

### Why in News?

The National Tiger Conservation Authority (NTCA) has approved the designation of Madhav National Park in Shivpuri district as a Tiger Reserve. This move will establish Madhav as the 9th tiger reserve in Madhya Pradesh.

• The committee also sanctioned the release of one male and one female tiger into the park.

### **Key Points**

- Proposed Tiger Reserve Area:
  - It will span 1,751 square kilometers, including a core area of 3
  - 75 square kilometers and a buffer zone of 1,276 square kilometers.
  - Madhav National Park achieved a milestone in tiger conservation with the birth of tiger cubs in September 2024, following a successful breeding program.
- Second Phase of Tiger Reintroduction:
  - The Madhya Pradesh Forest Department is preparing for the second phase of reintroductions, which includes bringing in additional tigers from <u>Bandhavgarh</u>, <u>Kanha</u>, or <u>Sanjay-Dubri National Parks</u>.
- Long-Term Expansion Plans:
  - Madhav Tiger Reserve is part of a long-term plan to expand into a 1,600-squarekilometer area within five years.
  - A tiger safari spanning 100 hectares is also planned, with an infrastructure investment of Rs. 20 crore, expected to boost ecotourism and local economies.
- Conservation and Ecotourism Benefits:
  - This initiative aims to strengthen wildlife management in Madhav and <u>Kuno National</u> <u>Parks.</u>
  - The project is expected to boost <u>ecotourism</u> and benefit local communities, contributing to regional development.
- Madhya Pradesh's Pending Notifications:
  - Ratapani Wildlife Sanctuary, which was granted in-principle approval as a tiger reserve in 2008, still awaits official notification.
  - Reports suggest political resistance due to mining activities near Ratapani has delayed its formal designation.

#### **Madhav National Park**

- About:
  - Madhav National Park is situated in Shivpuri District, Madhya Pradesh.
  - It is a part of the upper <u>Vindhyan hills</u>.
  - The Park was the hunting ground of Mughal emperors and Maharaja of Gwalior. It got the status of a National Park in 1958.
- Ecosystem:
  - It has a diverse ecosystem consisting of lakes, dry deciduous & dry thorn forests.
  - The forest is home to tigers, leopards, Nilgai, and Chinkara (Gazella bennettii)
    and Chousingha (Tetracerus quadricornis) and Deers (Chital, Sambar and Barking Deer)

among others.

# ■ Tiger Corridor:

• The Park falls within one of the **32 major Tiger Corridors** of the country, which are operationalised through the **Tiger Conservation Plan**. Tiger Conservation Plan is implemented under the **Wildlife (Protection) Act, 1972.**
