

India-Argentina Agreement for Lithium Blocks

Recently, India through **Khanij Bidesh India Limited (KABIL)** has signed an agreement with **Argentina's State-owned CAMYEN** for exploration and development of five **lithium brine blocks in Argentina**.

- The agreement will allow **KABIL** to **evaluate, prospect, explore**. Upon subsequent discovery of **lithium minerals**, exploitation rights for commercial production have also been granted.
 - This is the **first-ever lithium exploration and mining project** undertaken by a government company in India.
- **Lithium**, often called '**white gold**', forms the cornerstone of the country's transition to [green energy options](#).
 - It is used across various categories, including **energy storage solutions, batteries for mobile phones**, and in [Electric Vehicles \(EVs\)](#).
- Argentina is part of the world's "**Lithium Triangle**", along with **Chile** and **Bolivia**.
 - The three nations together have **more than half of the world's total lithium resources**.
 - Argentina also has the distinction of having the **2nd-largest lithium resources, 3rd-largest lithium reserves** and **4th-largest lithium production** in the world.
