

Investors' Summit 2024

Why in News?

The **Rajasthan** government is planning to host a **three-day Investors' Summit in December 2024**. The state government plans to organise these summits annually to speed up **industrialization**.

Key Points

- The **business sector in the state** believes that the regular occurrence of such incidents could potentially draw attention, effort, and funds away from the industries department's other responsibilities, as organising these events involves extensive year-round planning and preparation.
- The task of providing an industry-friendly environment rigorous engagement starting from **policymaking to implementation, infrastructure development, administration and monitoring, dispute resolution and host of other responsibilities**.
- The main emphasis should be on developing an attractive industrial policy to attract investments from other states to the region.
