

Jal Shakti Mantralaya

drishtiias.com/printpdf/jal-shakti-mantralaya

National River Conservation Directorate (NRCD) has been shifted from the Ministry of Environment and Forest and Climate Change to Jal shakti Ministry.

- Move aims at consolidating administration and bringing water-related issues like conservation, development, management, and abatement of pollution under a single ministry.
- **National River Conservation Directorate (NRCD)** is responsible for implementing the <u>centrally sponsored</u> national river conservation plan for all rivers across the country except river Ganga and its tributaries (as issues related to Ganga and its tributaries are taken up by <u>National Mission for Clean Ganga</u>).
- The government has created a new Ministry called 'Jal Shakti' after merging
 Ministries of Water Resources, River Development & Ganga Rejuvenation along
 with Drinking Water and Sanitation.
- 'Jal Shakti' ministry will encompass issues ranging from providing **clean drinking** water, international and inter-states water disputes, to the Namami Gange project aimed at cleaning Ganga and its tributaries, and sub-tributaries.
- The ministry will roll out the government's ambitious plan ('Nal se Jal' scheme under jal jivan plan) to provide <u>piped water connection</u> to every household in India by <u>2024</u>.
